

# The Garden's Tale

Alessandra Calò

## The Garden's Tale

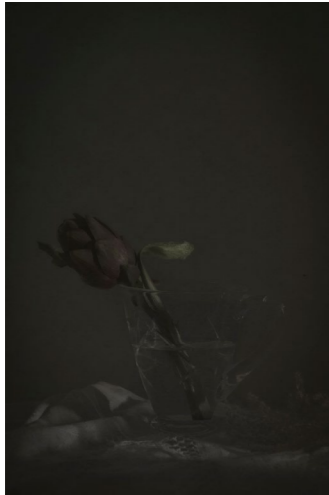

text by Lóránd Hegyi

«The almost shocking, irritating darkness with which we are surprisingly confronted in Alessandra Calò's photographic images determines the whole visual appearance; this darkness is objective and unchangeable, as light would not exist at all. Photography without light, one would say, but actually the light is definitively present, in a precisely measured and carefully treated way which opens roads to an inside world of imaginary.»
